A demonstration of a beautifully rebuilt 1915 Case 65hp traction engine putting her best foot forward on the dynamometer. It is rare to hear one of these machines at full power. As its name ...

## **Case Steam Traction Engine Dyno**

The 65 HP Case traction engine pictured was rebuilt during the summer and fall of 1993. All the work was done outside. Although I knew I would be working with steam from the time I was four years old, I never thought about having a traction engine. When I was about 10-12, I used to go to the gas and steam shows with my uncle, who proudly ...
