Lecture Notes. This is lecture 1.2 for Kiensiology 249, Sport and Modern Society. In lecture 1.1 "Play, Games, Contests, and Sports," we used Allen Guttmann's chart to distinguish between these key terms.

Slides and Notes for KIN 249: Lecture1.2

Interestingly, when we pass in 2 for x and 10 for y, we got ... $x / y = 0$. It turns out, since the two variables are integers, the result is an integer, and since 2 divided by 10 is less than 1, all we have left is the 0. With floats.c, we can see what happens when we use floats:

You will be working on Lab 1 during the week of 6/01. We will publish Lab 0 within the first week and will discuss it during your lecture. During the first week of classes please attend office hours if you are having trouble with Lab 0. Please take a look at Lab 0 before that time and come to the office hour session if you are having issues.
