dismantled. It doesn't matter if the retard gear train just needs a slight adjustment, the whole front of the camera has to be removed to access the inside of the shutter.

Retina Reflex S strip-down

Retina Reflex. The Kodak Type 025 Retina Reflex is an SLR camera with so called convertible lenses (German: Wechselobjektiv), interchangeable lens components made by Kodak AG Stuttgart, Germany. It was made between Spring 1957 and October 1958. Like many SLR cameras of German heritage it works with a leaf shutter instead of a focal plane shutter. It was named Type 025 Retina Reflex since it ...

Kodak Retina Reflex - Wikipedia

This is a Kodak Retina Reflex IV 35mm Single Lens Reflex camera made by Kodak AG in Stuttgart, West Germany between the years 1964 and 1967. The Retina Reflex series was a continuation of the earlier rangefinder Retina, and shared many of the same parts, including the body, lens mount, and leaf shutter. The leaf shutter in the Retina Reflex would prove to be problematic over the years which prevented them from being considered a serious SLR platform.
