## **The Offensive Internet — Saul Levmore, Martha C. Nussbaum ...**

The Offensive Internet: Speech, Privacy and Reputation. This volume dangles the lure of much enjoyable moral indignation. Readers are promised "example after example of harassment" and "vile and hateful speech", after which they will "never again see the internet through rose-coloured glasses". For better or worse, the book fails to deliver.

## **The Offensive Internet: Speech, Privacy and Reputation ...**

The Offensive Internet: Speech, Privacy, and Reputation is an essential addition to academic, legal, and professional literatures on the prospective harms raised by Web 2.0 and social networking sites more specifically. Levmore and Nussbaum (eds.) have drawn together high profile legal scholars, philosophers, and lawyers to trace the dimensions of how the Internet can cause harm, with a focus on the United States' legal code to understand what enables harm and how to mitigate harm in the ...

## **Review of The Offensive Internet: Speech, Privacy, and ...**

The Offensive Internet focuses on two major types of offenses that can wound feelings and destroy reputations: antisocial exercises of freedom of speech and invasions of privacy. Online anonymity for Internet users contributes to a woeful lack of oversight and accountability in a domain of increasing importance to everyday life.
