What's the Best Hydraulic Oil for My Lift | GSES

As far as hydraulic oil recommendations go, for commercial reasons relating to warranty, it is wise to follow the equipment manufacturer's recommendations. However in some applications, the use of a different type of fluid to that originally specified by the equipment manufacturer may increase hydraulic system performance and reliability.

Choosing the Right Hydraulic Fluid - Lubrication

Actually, we should have named our blog Hydraulic Fluid 5606 since bucket truck manufacturers recommend fluids that comply with Mil spec 5606. It's all about the viscosity – it's low-viscosity aviation hydraulic fluid. Technically speaking, Mil-H-5606 is a U.S. specification for hydraulic fluids based on mineral oil.
