For further information, come along to this STEPS Young Engineers Award Volunteer Training Workshop running online this September. You can connect easily from home, or wherever you are based. Become part of a community of Engineers who encourage the next generation of Engineers, gain free CPD credits, raise the profile of engineering in your area and give back to your local community.

STEPS Young Engineers Award Volunteer Workshop - Training ...

As for my experience with the Junior Engineer staff, I have been most impressed. As the robotics coordinator at St Peters Lutheran College I felt that we needed some more coding options for our students; younger students in particular. Junior Engineers seemed to have the curriculum and small-group focus that I wanted for our students.

Junior Engineers | Coding & Robotics for Kids

Young Engineers Workshop is the next evolution of this pursuit. Susan teaches YEW classes as well as manages the business and admissions processes for YEW. Please reload. This man is passionate about education - he inspires and teaches in equal measures. I highly recommend!

About - Young Engineers Workshop

At these workshops, our specially trained instructors will show the children how to build one of the special Young Engineers’ electric LEGO® models, which the children can play with afterwards. The program organizers also select the LEGO® bricks model which will be built by the children.
